ANNOUNCEMENTS

- iOS Special Interest Group – will meet via Zoom this Wednesday, May 20 at 7:00pm.
 - The iOS Special Interest Group (SIG) is an open meeting for all those who have either an iPhone or iPad.
 - These SIG groups are open and targeted to have users help one another and leverage their collective knowledge.
 - Tonight's Featured Presentation – Password Managers - Best ways to manage your many user passwords focusing on two Password Manager programs – focusing on “LastPass” and “1 Password”. Presented by Howard Maltz via Zoom.
 - June Membership Meeting - “Sharing Ideas - for Video Streaming, Software Licenses, and Other Stuff.”
 - At this session we will discuss how you and your family can leverage the cost of streaming services, software licenses and applications - all done legally and in compliance with the terms and conditions from the various vendors.
 - Question to the Membership: Usually we take the summer off and the club has no meetings in July & August. However this year is unusual, so we will be sending out a survey to determine the level of interest for Club Meetings via Zoom over the summer – think about it!
